Warped Weavers

The Warped Weavers are busy on their new project. Between now and Christmas each member of the group is investigating a weave structure of their choice. Lace, twill, collapse and shadow weave are just a few of the weaves that are being explored. The goal is to have something done by the end of the year to show and discuss. As for the next year, members are looking forward to exploring new and exciting weaving structures. The Fiber Fair committee is looking to have classes on weave structures, choosing the right materials for your project, and incorporating color into your weaving. And for next summer we hope to bring a teacher in for a weaving workshop. Weaving is such an exciting journey. A lifetime is not long enough to explore all the possibilities. If you weave or would like to, come join in the adventure.

Happy weaving!

Mary Ellen
